4. The truth of the case

Real life story:

In the summer of 2000, 18-year-old Li Chuanshi was admitted to the Chinese Department of Liguang University. Li Chuanshi has loved poetry since she was a child and often writes poems by herself. She likes literature and loves the various images and profound meanings in ancient poems. After entering school, she actively participated in the school's poetry club. In the poetry club, Li Chuanshi met Tang Hua, who was in the same grade and major as her. Soon after they met, they felt that their souls were in harmony with each other. They were in love with the same poem and even liked the same poet. They talked about everything and would write ancient poems for each other to appreciate. They could always feel the deep meaning conveyed in each other's poems. On the night of the Mid-Autumn Festival, Tang Hua invited Li Chuanshi to a park in

the suburbs to enjoy the moon there, and planned to confess to Li Chuanshi there. Unexpectedly, Li Chuanshi encountered human traffickers when taking a taxi to the park, and was abducted and sold to Dong Shuhua's home. After that, the police intervened in the investigation, but there was no progress due to multiple obstacles. In the end, the police announced that this was a rape and murder accident, saying that Li Chuanshi had been killed and the body was thrown away and disappeared. Tang Hua was in great pain and thought that he had harmed Li Chuanshi.

Dong Shuhua was only thirteen years old at this time. His parents were very superstitious. When he was just born, the fortune teller said that Dong Shuhua was weak and needed more care. Therefore, Dong Shuhua was controlled by his parents in almost everything he did. When he was twelve years old, Dong Shuhua had a serious illness. After fortune-telling, the fortune teller said that Dong Shuhua had a calamity in his life and needed to find an eighteen-year-old female college student to settle the marriage in order to get rid of this calamity. After being kidnapped, Dong Shuhua's parents followed the fortune teller's request and locked Li Chuanshi in a basement, and asked Dong Shuhua to be alone with Li Chuanshi often. At first, when Dong Shuhua knew about this, he just felt absurd. His parents actually found a human trafficker to buy a female college student and locked her up at home just because of fortune-telling. Dong Shuhua was not completely ignorant of the so-called wife locked up in the basement. He knew that she liked poetry. Even Dong Shuhua himself liked ancient poetry and studied Chinese. Dong Shuhua once tried to bring some literary books to Li Chuanshi so that she could have something to read and at least find the idea of living. Dong Shuhua even resisted and wanted to let Li Chuanshi go, but his parents found him and tied him up and locked him up at home for three years. They didn't let him go to school, but just stayed at home all day, taught himself junior high school knowledge, and forbade him to meet Li Chuanshi. After these three years, Dong Shuhua no longer had any ideas. He lived mechanically according to his parents' requirements. The female college student in the basement could no longer arouse any sympathy from him. He even felt disgusted. The existence of this woman seemed to remind him again and again how absurd his life was, and he was

helpless about his absurd life.

In 2003, Tang Hua, a senior in college, was still worried about the rape and murder of Li Chuanshi in a taxi. Without a body and evidence, he could not believe the police's conclusion and continued to investigate. He gradually established a forum to discuss some cases that the police claimed to have solved but were full of doubts. During the Mid-Autumn Festival of that year, Tang Hua got drunk in a bar all day and was almost hit by a car when he returned home. This year, Dong Shuhua ended his three-year confinement and was sent by his parents to take the high school entrance examination to Chenghe Middle School.

In 2004, Tang Hua graduated and entered Chenghe City Chenghe Middle School as a Chinese teacher. In the same year, he became the Chinese teacher of Dong Shuhua, a sophomore.

In 2005, Dong Shuhua graduated from high school and was admitted to the Chinese Department of Chenghe Normal University.

In 2009, Dong Shuhua graduated and entered Chenghe Middle School to teach Chinese, and became a colleague of Tang Hua.

In 2011, Dong Shuhua was drugged by his parents and had sex with Li Chuanshi, who was still locked in the basement. Dong Shuhua's parents once again listened to the fortune teller's request, believing that Dong Shuhua needed to have a child at this time in order to completely get rid of the disaster. At this time, Li Chuanshi's mental state was on the verge of collapse. Years of confinement made her no longer able to ignite the desire to have a baby. Her entire life was completely ruined. She was used as a tool to give birth to a child. What was the meaning of her existence? She no longer cares about poems and songs, those beautiful things have nothing to do with her.

In 2012, when Dong Yijiu turned one, Dong Shuhua's parents asked him to tell his fortune again. Dong Shuhua could no longer bear it and killed his parents by gas poisoning. Dong Shuhua was finally able to get rid of his parents' control and was no longer a puppet. But when he finally had a decent life by killing his father and mother, he found that his parents' death could not solve everything. He was powerless to change

the sins his parents had committed. If Li Chuanshi was discovered, he would lose his dignity again. The fact that he had an abducted wife would also be known to everyone. Li Chuanshi's existence tortured his conscience, but in the end he succumbed to his own interests. He didn't want his decent life to be ruined again. Dong Shuhua's psychology became completely distorted. He no longer regarded himself as a human being, nor did he think that Li Chuanshi was a human being. He still went to the basement, but only used Li Chuanshi as a tool to release his desires. After that, he showed signs of Munchausen syndrome by proxy. He kept taking Dong Yijiu to the hospital to prove to the doctor that his son had several diseases and kept treating him.

In the same year, Hankong was born.

In 2024, Hankong's father died in a car accident (actually a suicide.)

In 2027, Hankong's mother died of cancer. Hankong was adopted by his uncle. After that, Hankong will go to the hospital as a volunteer at a fixed time every week to serve cancer patients.

In 2028, Dong Yijiu's student status was transferred to Class 3 of the first grade of Chenghe Middle School by Dong Shuhua, but Dong Yijiu did not go to school to study. He was locked up at home and taught by Dong Shuhua himself, and was not allowed to go out. At this time, Dong Yijiu discovered the blocked taxi rape and murder case 28 years ago by browsing the forum. He vaguely recognized that his mother who was locked in the basement was the female college student who had been "killed". He found out by browsing the website that the forum moderator seemed to be a teacher of Chenghe Middle School, and found that a student of the first grade of Chenghe City Middle School seemed to often interact with the moderator, and most of the content they discussed was similar cases. Then Dong Yijiu confirmed that Tang Hua was the moderator of the forum, and also confirmed that Tang Hua was his mother's boyfriend, and the one who constantly interacted with Tang Hua was Han Kong, a student of the first grade of Chenghe Middle School. Dong Yijiu has long been believed to suffer from cerebral palsy and multiple diseases. No matter what he said or cried to the doctor, Dong Shuhua would suppress him. He had no way to call the police, let alone change his fate. However, he

found that by letting his mother's ex-boyfriend discover Dong Shuhua's evil deeds against his mother, he might be able to rely on Tang Hua's power to eradicate Dong Shuhua. Dong Yijiu took advantage of Dong Shuhua taking him to the hospital for an injection operation and pretended to be suicide and was deliberately saved by Han Kong. Han Kong "saved" him and was surprised to find that this person was the "cerebral palsy" son of Dong Shuhua, the school's star teacher. He was even more surprised to find that he was actually a normal person. After that, Dong Yijiu and Han Kong often contacted each other. Han Kong gradually learned about the many secrets of Dong Yijiu's family, such as his cerebral palsy, and his mother who was locked in the basement and never saw the sun, and reported it to his teacher Tang Hua. After learning about this, Tang Hua conducted multiple investigations and decided to report Dong Shuhua's various actions.

On the evening of September 10, 2029, on the eve of the report, Dong Shuhua learned of Tanghua's plan and used certain means to falsely accuse Tanghua of molesting a female student. It was precisely that morning that a female student committed suicide by jumping off the building. Dong Shuhua used some means to report that the woman committed suicide by jumping off the building because she had been molested by Tanghua for a long time. As a result, Tanghua was dismissed from his post and put under investigation, and was subjected to online violence and later imprisoned.

In 2030, Dong Yijiu regretted the incident after learning about it. The borrowed knife murder he designed was easily solved by his father, which even caused Tanghua Zhengdang to be imprisoned. Hankong felt even more guilty as the person who initially reported the matter, but in fact he didn't know to the relationship between Tanghua and Li Chuanshi. But after that, Dong Yijiu discovered something even more shocking. He found that Dong Shuhua was completely crazy. He seemed to want to kill Li Chuanshi and bury all the truth.

After rescuing Tang Hua, they figured out Dong Shuhua's movements and learned about his plan to kill Li Chuanshi. Finally, the four of them killed Dong Shuhua together. However, when killing Dong Shuhua, due to the negligence of the Space and Time

Management Bureau, the killing was misjudged as "obliteration", and the four people made mistakes and completely wiped Dong Shuhua out of this world.

The story after erasure

After the four people successfully erased Dong Shuhua from the world, as the erasers, they themselves did not remember that they had erased this person. The statue of Dong Shuhua never existed in this world at all, and everyone's memories were corrected. Li Chuanshi She only remembered that she was imprisoned in the basement. After being rescued, she was accompanied by a volunteer named Dong Yijiu and met her former college classmate Tang Hua. Dong Yijiu also only remembers that he was raised by his grandparents since he was a child. After his grandparents passed away due to gas poisoning, he has been living alone. He has never suffered from cerebral palsy. He has always been studying normally and grew up, and met him in high school. They found their good friend Hankong, and together they worked with teacher Tanghua to find out the truth about the rape and murder of a female college student in a taxi, and rescued Li Chuanshi. Tanghua, Hankong, and Dong Yijiu would look after Li Chuanshi together. Hankong and Tanghua no longer remembered that there was a teacher named Dong Shuhua in Chenghe Middle School, and Dong Shuhua's existence was completely erased.

After a period of time, the Space Administration discovered the mistake that happened at that time. Dong Shuhua should not be erased. This erasure will lead to chaos in the world in the future, so the Space Administration started to repair it. The way the Space Administration repairs the erasure is called dream overlap. By reappearing this person in the dreams of several people closely related to the erased person, these people can evoke their memories and deliberately guide these people to want to retrieve the memory of this person. After that, staff will operate, create dreams and overlap dreams.

Dong Yijiu always dreams that he is lying in bed in pain, and there is a man who wipes his body again and again, feeds him medicine, and comforts him with a distressed

frown, calling him "my good son". Han Kong also always dreams of a teacher who bravely stood up after a girl jumped off a building because of being molested, reported a teacher from the same school through a detailed chain of evidence, and got justice for the girl. Li Chuanshi dreams of a thirteen or fourteen-year-old boy who leans against her with a poem in his hand and recites it to her sentence by sentence. This boy seems to be the only one who brings her a little light during the long time of confinement, and seems to be the last joy she has left. Tang Hua also dreams of a man who is his junior and seems to have a son with cerebral palsy. He has to work twice as hard every year to make money to support his family and treat his child under the huge pressure of life.

They asked each other if that person was called Shuhua, and both received a positive answer. At this time, a mysterious person told them that this book seemed to have been wiped out by the world, but because this "book" would appear in their dreams, each of them had a fragment of this person in their dreams. In other words, they all show this person's side, so by merging their dreams and putting the four fragments together, a complete "book" can be pieced together. In this way, the erasure will be restored and the person can come back.

After the four agreed, they entered the dreamland. Then, the dreams began to merge, and the story began to return to the starting point.

The essence of time travel

The process of time travel is actually the process of dream fusion. Everyone who travels through time will bring fragments of Dong Shuhua from the current world line to the world they arrive at. After traveling to the arrived world, the fragments of Dong Shuhua in the original world have merged, so the original world is no longer important and will be lost. The fact that the world is lost actually means that the world no longer has meaning after playing the role of fusion fragments, and will be lost as waste.

These three dream worlds completely simulate the real world and are no different from the real world. Moreover, these three dream worlds are like parallel time and space and do not intersect with each other. Before the time-travel behavior occurs, they will

have the same trajectory as the real world, which is equivalent to three copies of the real world.

The only variable among these three worlds is the act of traveling through them. The traversed world will have a butterfly effect due to the fusion of the traverser and Dong Shuhua's fragments, causing the trajectory to be different from the real world. When Li Chuanshi traveled from her own dream world in the 100th year to the 129th year of the new calendar in the world where Hankong and Dongyijiu were, the fragments in Li Chuanshi's own dream world merged with Dongshuhua in the world of Hankong and Dongyijiu. , and because Li Chuanshi, the core of the world, has traveled through, the world was lost after the act of traveling. And Tanghua traveled from the 103rd year of the New Calendar in his dream world to the 130th year of the world where Han Kong and Dong Yijiu had merged with a fragment of Dong Shuhua. In other words, Li Chuanshi traveled to this world in the 129th year of the New Calendar. One year later, in the 130th year, Tanghua traveled to his own body in this world, replaced his original self, and obtained the memory of his original world self. After the time travel was completed, the fragments of Dong Shuhua from the 103-year-old Tanghua world were successfully fused. Since then, Dong Shuhua has merged all the fragments and gained a complete personality by completing the fragments.

Li Chuanshi time-traveled into Li Ye, who had already jumped from the building and died. It was equivalent to soul-travelling. She time-traveled into Li Ye's body and obtained Li Ye's memory. In other words, the original Li Chuanshi in this world still exists and has not been replaced, and is still in the basement, mentally disturbed.

Tanghua traveled back to himself more than twenty years later and obtained his own memories of this world.

story in script

Li Chuanshi's Dreamland

100th year of the new calendar

Li Chuanshi studied at Lichuan University and had a good relationship with her parents. She also had many good friends at school. She liked literature and joined the school's poetry club. She also met Tang Hua, who had the same hobby as herself, and the two had a good impression of each other. On the day of the Mid-Autumn Festival, Tang Hua asked Li Chuanshi to go to a park and planned to confess his love to her there. Li Chuanshi took a taxi to go to the appointment that night, and had a car accident on the way to the appointment. After that, he time-traveled to the girl Li Ye who jumped off the building.

Li Chuanshi's dream world was lost after she traveled through it, and the fragments of Dong Shuhua in that world then arrived in the world of Dong Yijiu and Han Kong. Dong Shuhua was 13 years old at this time. The fragments of Dong Shuhua in this world are about the side of Dong Shuhua that was not psychologically distorted when he was a child.

Tanghua Dreamland

In the 103rd year of the new calendar, Tang Hua was a senior at the Normal University. At this time, when he was 21 years old, that year, the police announced that the unsolved case had been solved. Li Chuanshi was killed in a taxi and his body was thrown into the sea. After learning the news, Tang Hua, a senior, was heartbroken and resentful that it was he who asked Li Chuanshi to go to the suburban park that year, which eventually led to Li Chuanshi's death. But because Li Chuanshi's body was not found and there was no evidence, he could not believe the police's conclusion, and continued to investigate, and gradually established a forum to discuss some cases that the police claimed to have solved but were full of doubts. On the Mid-Autumn Festival of that year, Tang Hua got drunk in a bar all day, and when he returned home, he had a car accident and traveled to the 230th year of the new calendar.

Tanghua's dream world is lost. The fragments of Dong Shuhua in this world reach the world line of Han Kong and Dong Yijiu. At this point in time, Dong Shuhua had just ended his three-year confinement. The originally troubled and miserable young man no

longer had any emotional setbacks, and he could no longer ignite any sympathy for the female college student locked in the basement. He blocked out all his feelings and became less like a real person.

The east meaning is long and the dream is empty

The story line of this dream world was the same as the real world before Li Chuanshi traveled to Li Ye.

September 10th, 129th year of the New Calendar

In the morning of that day, the female student Li Ye fell into depression due to being molested and committed suicide by jumping off the building. Li Chuanshi time-traveled into the body of the girl who was about to jump off the building and quickly left the rooftop. After traveling to Li Ye, Li Chuanshi possessed Li Ye's past memories. It turned out that Li Ye had been molested by Zhang Guochao, a male teacher in the school. The layers of social oppression made her ashamed to speak out. She was trapped in it and could not escape. In the end, she couldn't bear it anymore and decided to commit suicide.

After Li Chuanshi knew everything, she decided to speak for Li Ye and report all the facts of the male teacher's molestation. Li Chuanshi decided to report to the teacher in the office. Dong Shuhua, as the matchmaker behind the scenes, should have stopped Li Ye immediately when he heard that she dared to speak out. However, because of Li Chuanshi's time travel, the 13-year-old fragment merged into Dong Shuhua, which made him have a conscience for the first time in a long time. He did not stop Li Ye's report, and even actively responded to her report and comforted Li Ye in front of all the teachers. Dong Shuhua's behavior of reporting the male teacher's molestation and comforting Li Ye was also seen by Tang Hua. Although Tang Hua hated it very much, he was soft-hearted and chose not to report it at the moment to see if Dong Shuhua would get better later.

After that, Li Chuanshi's memory kept going back, and she vaguely realized that Li Ye was not just raped by Zhang Guochao, but maybe even gang-raped at that time, but

she only remembered Zhang Guochao's face. She is determined to find justice for Li Ye. At the same time, Li Chuanshi recognized Tanghua. She didn't know how Tanghua lived in the years after she traveled through time, so she wanted to find out about the situation. Li Chuanshi returned to class and chatted with his deskmate Hankong. During the conversation between Li Chuanshi and Hankong, they learned about their own destiny in this world and the fact that Tanghua had never been married and had been investigating his "death", and they had mixed feelings. Li Chuanshi also learned from Han Kong that he had a son named Dong Yijiu, who was controlled by Dong Shuhua and even pretended to be cerebral palsy for more than ten years. He lived a life without ghosts, but Li Ye, as Li Ye, did not You can meet that self in any position. There is no grudge between her and Dong Yijiu and Dong Shuhua. Going there suddenly will only be abrupt.

But after Hankong and Dong Yijiu explained that Li Ye might have been gang-raped, Dong Yijiu suddenly remembered some of the words he had heard Dong Shuhua say before. Dong Yijiu felt that something was not good. There might be a big shot behind Zhang Guochao. Dong Shuhua was probably the one who took the lead. Dong Yijiu told Li Ye not to tell anyone for the time being that she remembered that there was someone else at the time, otherwise it would be very dangerous, and then began to investigate.

September 11

Early that morning, Tang Hua traveled from the year 203 of the New Calendar to his own body in the year 230. The fragments of Dong Shuhua in the Tanghua world also merged. When Dong Shuhua was about to kill Zhang Guochao, he remembered everything in the past. He remembered how much he hated these powers and fortune telling in the past, and the person Zhang Guochao contacted him As a leader, he even needed a little girl because of the fortune telling and needed him to pull the strings. He suffered a mental breakdown and cried loudly at home, which was heard by Dong Yijiu. Dong Shuhua fainted due to the overreaction after the fusion, and Dong Yijiu dialed 120 to send Dong Shuhua away.

Dong Shuhua was in a coma. Although Dong Yijiu didn't know what happened, he finally had the chance to touch the key to his house and told Li Chuanshi to sneak into Dong Yijiu's house and meet him. That morning, Tang Hua, who had traveled through time, received all the truth about Li Chuanshi and was on the verge of collapse. However, as a teacher, he had to pretend that nothing had happened and went to class. In the Chinese class, he saw a poem written on Li Ye's notebook. The original Tang Hua didn't remember it, but the 103-year-old Tang Hua remembered that this poem was a poem that Li Chuanshi had written himself.

After class, Li Ye, Han Kong and Tang Hua explained that Dong Shuhua might be related to the person who raped Li Ye, and that Li Ye might be threatened. Finally, the three decided to go to Dong Shuhua's house together.

At home, Li Chuanshi saw himself having a mental disorder in the basement, and Tanghua saw his missing lover. The scene was shocking to both of them. Li Chuanshi knew Tanghua's thoughts about him, and watched Tanghua burst into tears. The appearance and the crazy self are about to collapse.

Li Chuanshi, Hankong and even Dong Yijiu were just middle school students at that time, and it was useless no matter how much they knew. But at that juncture, solving the imprisoned self was not the most important thing. The most important thing was to find the person who raped Li Ye besides Zhang Guochao. Otherwise, Li Ye might be targeted by the gang and hurt again because of the report. Li Chuanshi believed in Tang Hua's character and discussed it with Tang Hua, Han Kong and Dong Yijiu. They had a series of discussions and thinking at that time, but due to the scarcity of clues, the connection between Dong Shuhua and Zhang Guochao, or Said that the connection with the rape case was still not very clear. Everyone had their own plans and ideas, and then they left separately.

September 12

Twenty-four hours after the three worlds merged, the Space and Time Management Bureau completed the restoration of Dong Shuhua and began to control Dong Shuhua, inducing the other four to kill Dong Shuhua again. Dong Shuhua was not actually closely

related to the rape case. He only knew about it and helped Zhang Guochao conceal it. However, under manipulation, Dong Shuhua deliberately released the news to Li Ye and Hankong, making them mistakenly believe that Li Ye was raped. Ye's other person is Dong Shuhua. At the same time, under control, Dong Shuhua also sent signals to Tang Hua and Dong Yijiu, prompting them to mistakenly believe that he was going to kill Li Chuanshi who was locked in the basement. After confirming that all four of them had clear murderous intentions and intended to kill Dong Shuhua, the Time Management Bureau prepared Dong Shuhua's save point.

The four people who knew about Dong Shuhua's movements all had ulterior motives. They did not know each other's murderous intentions, and they did not want to involve each other. Each of them had loved ones, so they did not want that person to bear the risk of killing with him. as a result of. In fact, Dong Yijiu had always had the murderous intention to kill Dong Shuhua. Dong Shuhua's revelation that he wanted to kill Li Chuanshi was just the straw that broke the camel's back. And Li Chuanshi was not just for herself, but also for Li Ye, who had a similar experience to herself. If Dong Shuhua wanted to kill Li Ye, the only thing she could do was to be prepared to kill Dong Shuhua.

Dong Shuhua, who was under the control of the Space-Time Administration, sent an invitation to Hankong and told him to meet on the school rooftop at 8:10 on September 13th, and he would tell him everything he wanted to know. Hankong was well prepared. He decided to kill Dong Shuhua on that day to prevent Li Ye's death and cut off his father's hatred and guilt for so many years.

At the same time, Dong Shuhua invited Tang Hua to meet him at the stairs near the school office at 8:10 on September 13. He would tell him everything he wanted to know.

Reconstruction of the murder case

September 13, the day of the incident

Dong Shuhua's perspective (from the perspective of the Space-Time Administration Bureau)

In order to restore Dong Shuhua and correct the bug of erasure, the Spacetime Administration not only needs to find Dong Shuhua's existence through dream fusion, but also needs to let the four of

them kill Dong Shuhua once to ensure that Dong Shuhua will not be resurrected. In other words, the ultimate goal of the Spacetime Administration is not to resurrect Dong Shuhua, but to find Dong Shuhua's existence, but the ending of his death cannot be changed, he must die again in the dream.

The Time and Space Administration will make an archive at 8 o'clock in the evening that day. Every time Dong Shuhua is killed, he will return to 8 o'clock in the evening, resurrect from another place, and be killed by another person in a different place. After death, he will return to eight o'clock, and the cycle repeats until the fourth person kills him. Dong Shuhua is truly dead and will not be reborn again.

Dong Shuhua's process of reading and archiving files was completely unknown from the perspectives of the four people on that day. This is equivalent to their view that there is actually a Dong Shuhua in different places, but in fact these Dong Shuhua are in order. They may be Dong Shuhua who has been reborn twice, or they may be Dong Shuhua who has been reborn twice. It's Dong Shuhua, who has been reborn three times.

Timeline in the eyes of four people:

Hua pushed him into the sea and drowned, and then threw the dead body of Dong Shuhua into the sea.

Dong Yijiu poured sleeping pills into Dong Shuhua's cup at home.

21:00

Dong Yijiu injected air into the veins of Dong Shuhua who was asleep at home, and Dong Shuhua died.
